

Maryland Governor's Office of Crime Prevention, Youth and Victim Services
Results and Indicators Data Dictionary
Updated May 2023

Babies Born Healthy	
Indicator	Percent of women with prenatal care in the first trimester
Definition	The percent of all live births with prenatal care beginning in the first trimester (first prenatal visit occurred in first trimester).
Data Source	Maryland Department of Health
Online Data Source Link	MDH
Years of Available Data	2010-2020 (MD); 2016-2020 (jurisdictions)
Data Release Schedule	Annually, June, with a two-year lag, i.e. 2020 data released in 2022
Disaggregation Available	Jurisdiction, race/ethnicity, age, infant birth weight
Point of Contact	Monique Wilson: monique.wilson@maryland.gov
Notes	<i>For state data, click on the year of the live births report that you want to access. For jurisdiction, click on the "Additional YEAR Jurisdictional Data." Then, under Live Births, select the jurisdiction. The data at the jurisdictional-level are only posted for 2020 at this time and can be found in Table 6. Disaggregated jurisdictional data for 2016-2019 was obtained via special report from MDH.</i>
Indicator	Infant Mortality: Number of Deaths Occurring to Infants (< 1 year) per 1,000 Live Births
Definition	The number of deaths occurring to infants under one year of age per 1,000 live births.
Data Source	Maryland Department of Health
Online Data Source Link	MDH
Years of Available Data	2009-2020
Data Release Schedule	Annually, June, with a two-year lag
Disaggregation Available	Jurisdiction, race/ethnicity
Point of Contact	Not applicable
Notes	<i>Click on the year of the Infant Mortality report you want to access for both state and jurisdictional data. In the most recent report (2020), the data can be found in Table 33.</i>
Indicator	Low Birth Weight: Percent of Low Birth Weight (< 2500 g) Infants
Definition	The percent of all births with birth weight less than 2,500 grams (approximately 5.5 pounds).
Data Source	Maryland Department of Health
Online Data Source Link	MDH
Years of Available Data	1996-2020
Data Release Schedule	Annually, June, with a two-year lag
Disaggregation Available	Jurisdiction, race/ethnicity
Point of Contact	Not applicable
Notes	<i>Click on the year of the annual report that you want to access for both state and jurisdictional data. In the most recent report (2020), the data can be found in Table 21A.</i>
Indicator	Births to Adolescents: Adolescent birth rate per 1,000 women (ages 15-19 years)
Definition	The rate of births to adolescent females ages 15 through 19 years per 1,000.
Data Source	Maryland Department of Health
Online Data Source Link	MDH
Years of Available Data	1996-2020
Data Release Schedule	Annually, June, with a two-year lag
Disaggregation Available	Jurisdiction, race/ethnicity

Babies Born Healthy	
Point of Contact	Not applicable
Notes	<i>Click on the year of the annual report you want to access for state and jurisdictional data. In the most recent report (2020,) the aggregate birth rate can be found in Table 11K and the birth rates by maternal race/ethnicity can be found in Tables 11L-11T.</i>
Indicator	Rate of Substance Exposed Newborns (including Neonatal Abstinence Syndrome) per 1,000 Newborns
Definition	Number of substance exposed newborns (including Neonatal Abstinence Syndrome) per 1,000 newborns.
Data Source	Maryland Department of Health via Health Services Cost Review Commission
Online Data Source Link	Not applicable
Years of Available Data	2017-2021
Data Release Schedule	Annually, June for the prior calendar year
Disaggregation Available	Jurisdiction, race/ethnicity
Point of Contact	Not applicable
Notes	<i>These data are provided via MDH special report. Rate not calculated for jurisdictions with less than 11 substance exposed newborns and data reflect Maryland newborn residents born in Maryland hospitals only.</i>

Healthy Children	
Indicator	Health Insurance Coverage: Percent of Children who Have Health Insurance Coverage
Definition	The percent of children under 19 who have health insurance coverage.
Data Source	The Annie E. Casey Foundation Kids Count Data Center
Online Data Source Link	Kids Count: State by Race/Ethnicity Kids Count: County by Race/Ethnicity
Years of Available Data	2017-2021 (excluding 2020)
Data Release Schedule	Annually, November for the prior calendar year
Disaggregation Available	Jurisdiction, race/ethnicity
Point of Contact	Not applicable
Notes	<i>The data source provides the percentage of uninsured children. Subtract the rate from 100 to get the percent of children who have health insurance coverage.</i>
Indicator	Immunizations: Percent of Children 0-2 Years Old with Immunet Records who Had a Completed 7 Vaccine Series
Definition	The percent of children ages 0-2 who have a completed 7 vaccination series of all children ages 0-2 who have one or more immunization records in Immunet (Immunet reporting population of 0-2 years old).
Data Source	Maryland Department of Health
Online Data Source Link	Not applicable
Years of Available Data	2017-2021
Data Release Schedule	Annually, March for the prior calendar year
Disaggregation Available	Jurisdiction, race/ethnicity
Point of Contact	Cherry Angeles: cherry.angeles@maryland.gov
Notes	<i>These data are provided via special report from MDH. Immunet immunization records are provided by medical providers and can include vaccines administered by providers or vaccines</i>

Healthy Children	
	<i>included on a vaccination record from another state that are provided to a Maryland provider when the child becomes a resident of Maryland.</i>
Indicator	Hospitalizations: Nonfatal Injury Hospitalization Rate for Self-Inflicted Injuries to Children Ages 0-21 per 100,000 of the Population
Definition	The rate of children ages 0-21 with an inpatient hospitalization for a non-fatal self-inflicted injury per 100,000 of the population.
Data Source	Maryland Health Services Cost Review Commission
Online Data Source Link	Not applicable
Years of Available Data	2008-2020
Data Release Schedule	Annually, September with a two-year lag
Disaggregation Available	Jurisdiction, race/ethnicity
Point of Contact	Oscar Ibarra: oscar.ibarra@maryland.gov
Notes	<i>These data are provided via MD HSCRC special report.</i>
Indicator	Percent of Public School Students [in Grades 6-8 and Grades 9-12] Reporting Depressive Episode
Definition	The percentage of students who responded “yes” to the question: “During the past 12 months, did you ever feel so sad or hopeless almost every day for two weeks or more in a row that you stopped doing some usual activities?”
Data Source	Maryland Department of Health, Youth Risk Behavior Survey/Youth Tobacco Survey
Online Data Source Link	YRBS/YTS
Years of Available Data	2012-2013, 2014-2015, 2016-2017, 2018-2019, 2021-2022
Data Release Schedule	Biennial, administered in the fall of every even year and released in the spring of the following odd year
Disaggregation Available	Jurisdiction, race/ethnicity, age, grade
Point of Contact	Nikardi Jallah: nikardi.jallah@maryland.gov
Notes	<i>Due to COVID-19, the survey was not administered in 2020.</i>
Indicator	Percent of Public School Students [in Grades 6-8 and Grades 9-12] Reporting Electronic Vapor Product Use
Definition	The percentage of students who answered “yes” to the question: “Have you ever used an electronic vapor product?”
Data Source	Maryland Department of Health, Youth Risk Behavior Survey/Youth Tobacco Survey
Online Data Source Link	YRBS/YTS
Years of Available Data	2012-2013, 2014-2015, 2016-2017, 2018-2019, 2021-2022
Data Release Schedule	Biennial, administered in the fall of every even year and released in the spring of the following odd year
Disaggregation Available	Jurisdiction, race/ethnicity, age, grade
Point of Contact	Nikardi Jallah: nikardi.jallah@maryland.gov
Notes	<i>Due to COVID-19, the survey was not administered in 2020.</i>
Indicator	Percent of Public School Students [in Grades 6-8 and Grades 9-12] Reporting Physical Activity for 60 Minutes in Last 7 Days
Definition	The percentage of students who responded “7” to the question: “During the past 7 days, on how many days were you physically active for a total of at least 60 minutes per day?”
Data Source	Maryland Department of Health, Youth Risk Behavior Survey/Youth Tobacco Survey
Online Data Source Link	YRBS/YTS
Years of Available Data	2012-2013, 2014-2015, 2016-2017, 2018-2019, 2021-2022

Healthy Children	
Data Release Schedule	Biennial, administered in the fall of every even year and released in the spring of the following odd year
Disaggregation Available	Jurisdiction, race/ethnicity, age, grade
Point of Contact	Nikardi Jallah: nikardi.jallah@maryland.gov
Notes	<i>Due to COVID-19, the survey was not administered in 2020.</i>
Indicator	Percent of Public School Students in Grades 9-12 Who are Obese
Definition	The percentage of students who had obesity (\geq 95th percentile for body mass index, based on sex- and age-specific reference data from the 2000 CDC growth charts).
Data Source	Maryland Department of Health, Youth Risk Behavior Survey/Youth Tobacco Survey
Online Data Source Link	YRBS/YTS
Years of Available Data	2012-2013, 2014-2015, 2016-2017, 2018-2019, 2021-2022
Data Release Schedule	Biennial, administered in the fall of every even year and released in the spring of the following odd year.
Disaggregation Available	Jurisdiction, race/ethnicity, age, grade
Point of Contact	Nikardi Jallah: nikardi.jallah@maryland.gov
Notes	<i>Due to COVID-19, the survey was not administered in 2020.</i>
Indicator	Percent of Public School Students in Grades 9-12 Who are Overweight
Definition	The percentage of students who were overweight (\geq 85th percentile but $<$ 95th percentile for body mass index, based on sex- and age-specific reference data from the 2000 CDC growth charts).
Data Source	Maryland Department of Health, Youth Risk Behavior Survey/Youth Tobacco Survey
Online Data Source Link	YRBS/YTS
Years of Available Data	2012-2013, 2014-2015, 2016-2017, 2018-2019, 2021-2022
Data Release Schedule	Biennial, administered in the fall of every even year and released in the spring of the following odd year
Disaggregation Available	Jurisdiction, race/ethnicity, age, grade
Point of Contact	Nikardi Jallah: nikardi.jallah@maryland.gov
Notes	<i>Due to COVID-19, the survey was not administered in 2020.</i>

Children Enter School Ready to Learn	
Indicator	Kindergarten Readiness Assessment (KRA): Percent Demonstrating Readiness
Definition	The percentage of students who received "Demonstrating Readiness" on their composite, or overall, Kindergarten Readiness Assessment score. Students who "Demonstrate Readiness" display foundational skills and behaviors that prepare them for the curriculum based on the Maryland College and Career-Ready Kindergarten standards.
Data Source	Maryland State Department of Education Division of Early Childhood
Online Data Source Link	MSDE
Years of Available Data	2017-2022
Data Release Schedule	Annually, administered each fall and the data is released the following spring
Disaggregation Available	Race/ethnicity, direct certification, students with disabilities, English fluency, and prior-care experience
Point of Contact	Not applicable
Notes	
Indicator	Percent of Children Enrolled in Publicly-Funded Pre-K the Year Prior to Kindergarten

Children Enter School Ready to Learn	
Definition	This is the percentage of Kindergarten students who were enrolled in publicly-funded Pre-K the year prior.
Data Source	Maryland State Department of Education Office of Research and Program Evaluation
Online Data Source Link	Not applicable
Years of Available Data	2018-2022
Data Release Schedule	Annually, August for the prior school year
Disaggregation Available	Jurisdiction, race/ethnicity
Point of Contact	Matthew Duque: matthew.duque@maryland.gov
Notes	<i>These data are provided via MSDE special report. Only first time Kindergartens are included and the data are suppressed for students groups of less than 10 students.</i>

Children are Successful in School	
Indicator	MCAP Math: Percent of Public School Students in Grades 3 and 8 Performing at or Above Performance Level 3 on the Maryland Comprehensive Assessment Program
Definition	The Maryland Comprehensive Assessment Program (MCAP) provides information to educators, parents and the public on student progress towards proficiency on the Maryland College and Career Ready Standards. This is the percent of public school students in grade 3 and 8, respectively, who scored with a performance level 3 or 4 on the applicable Mathematics assessment.
Data Source	Maryland State Department of Education
Online Data Source Link	MSDE
Years of Available Data	2015-2022 (excluding SY20-21)
Data Release Schedule	Annually, February for the prior school year
Disaggregation Available	Jurisdiction, race/ethnicity, gender, school, special services
Point of Contact	Mary Gable: mary.gable@maryland.gov
Notes	<i>The MCAP was first administered in SY2021-2022. Prior to this year, the PARCC was the testing administered to students at the state-level. In SY2019-2020, students did not take any state testing due to the COVID-19 pandemic. In fall of 2021, students took the SY2020-21 condensed testing. Though these results were released, they are not included because the tests were not presented as comparable by MSDE. When using the link, select the desired school year from the dropdown, then download the desired MCAP files from the list. These data are also accessible by clicking on Districts & Schools, then select the school district, select MCAP and use the filters to disaggregate the data.</i>
Indicator	MCAP English Language Arts: Percent of Public School Students in Grades 3 and 8 Performing at or Above Performance Level 3 on the Maryland Comprehensive Assessment Program
Definition	The Maryland Comprehensive Assessment Program (MCAP) provides information to educators, parents and the public on student progress towards proficiency on the Maryland College and Career Ready Standards. This is the percent of public school students in grade 3 and 8, respectively, who scored with a performance level 3 or 4 on the applicable English Language Arts assessment.
Data Source	Maryland State Department of Education
Online Data Source Link	MSDE
Years of Available Data	2015-2022 (excluding SY20-21)
Data Release Schedule	Annually, February for the prior school year

Children are Successful in School	
Disaggregation Available	Jurisdiction, race/ethnicity, gender, school, special services
Point of Contact	Mary Gable: mary.gable@maryland.gov
Notes	<i>The MCAP was first administered in SY2021-2022. Prior to this year, the PARCC was the testing administered to students at the state-level. In SY2019-2020, students did not take any state testing due to the COVID-19 pandemic. In fall of 2021, students took the SY2020-21 condensed testing. Though these results were released, they are not included because the tests were not presented as comparable by MSDE. When using the link, select the desired school year from the dropdown, then download the desired MCAP files from the list. These data are also accessible by clicking on Districts & Schools, then select the school district, select MCAP and use the filters to disaggregate the data.</i>
Indicator	MCAP Alternate English Language Arts: Percent of Students (Grade 8 and 11) Scoring at or Above Performance Level 3 on the English MCAP Alternative Assessment
Definition	If, through the Individual Education Plan (IEP) process, it is determined that a student cannot participate in Maryland's general education English assessment, even with accommodations, then the student would participate in the MCAP Alternate Assessment (MCAP Alternate). The MCAP Alternate assesses and reports student mastery of individually selected indicators and objectives from English Language Arts content standards or appropriate access skills. A portfolio is constructed of evidence that documents individual student mastery of the assessed English Language Arts objectives. Eligible students participate in the MCAP Alternate in Grades 3-8 and 11.
Data Source	Maryland State Department of Education
Online Data Source Link	MSDE
Years of Available Data	2018-2022 (excluding SY20-21)
Data Release Schedule	Annually, February for the prior school year
Disaggregation Available	Jurisdiction, race/ethnicity, gender, school, special services
Point of Contact	Mary Gable: mary.gable@maryland.gov
Notes	<i>The MCAP was first administered in SY2021-2022. Prior to this year, the PARCC was the testing administered to students at the state-level. Though these results were released, they are not included because the tests were not presented as comparable by MSDE. When using the link, select the desired school year from the dropdown, then download the desired MCAP Alternate files from the list. These data are also accessible by clicking on Districts & Schools, then select the school district, select MCAP and use the filters to disaggregate the data.</i>
Indicator	MCAP Alternate: Math: Percent of Students (Grade 8 and 11) Scoring at or Above Performance Level 3 on the Math MCAP Alternative Assessment
Definition	If, through the Individual Education Plan (IEP) process, it is determined that a student cannot participate in Maryland's general education Math assessments, even with accommodations, then the student would participate in the MCAP Alternate Assessment (MCAP Alternate). The MCAP Alternate assesses and reports student mastery of individually selected indicators and objectives from Mathematics content standards or appropriate access skills. A portfolio is constructed of evidence that documents individual student mastery of Mathematics objectives. Eligible students participate in the MCAP Alternate in Grades 3-8 and 11.
Data Source	Maryland State Department of Education
Online Data Source Link	MSDE
Years of Available Data	2018-2022 (excluding SY20-21)

Children are Successful in School	
Data Release Schedule	Annually, February for the prior school year
Disaggregation Available	Jurisdiction, race/ethnicity, gender, school, special services
Point of Contact	Mary Gable: mary.gable@maryland.gov
Notes	<i>The MCAP was first administered in SY2021-2022. Prior to this year, the PARCC was the testing administered to students at the state-level. In SY2019-2020, students did not take any state testing due to the COVID-19 pandemic. In fall of 2021, students took the SY2020-21 condensed testing. Though these results were released, they are not included because the tests were not presented as comparable by MSDE. When using the link, select the desired District from the Districts & Schools dropdown, select MCAP, choose English Language Arts or Mathematics, then Alternate, and use the filters to disaggregate the data for grade and race/ethnicity.</i>
Indicator	Chronic Absenteeism: Students Enrolled in School at Least 10 Days Who are Absent for 10% or more days
Definition	A student is considered chronically absent when the student is absent 10 percent or more of school days during the school year, when the student has been enrolled in the school for at least 10 days. "Absent" means a student is not physically on school grounds and is not participating in instruction or instruction-related activities at an approved off-grounds location for the school day. The absences could be for any reason, including illness, suspension, or the need to care for a family member – regardless of whether absences are excused or unexcused.
Data Source	Maryland State Department of Education
Online Data Source Link	MSDE
Years of Available Data	2018-2022
Data Release Schedule	Annually, February for the prior school year
Disaggregation Available	Jurisdiction, race/ethnicity, gender, school, special services, grade band
Point of Contact	Mary Gable: mary.gable@maryland.gov
Notes	<i>The chronic absenteeism calculation changed to its current version in SY2016-2017 which is why previous years are not included. When using the link, select the desired school year from the dropdown, then download the Attendance Data file.</i>

Youth Will Complete School	
Indicator	Educational Attainment: Percent of Youth Ages 18-24 with a High School Diploma (Including Equivalence) or Higher
Definition	The percent of youth ages 18 through 24 who have completed high school (including equivalency), some college or associate degree, or bachelor's degree or higher.
Data Source	United States Census Bureau, American Community Survey - 5-Year Estimates
Online Data Source Link	Census
Years of Available Data	2010-2021
Data Release Schedule	Annually, December for the prior calendar year
Disaggregation Available	Jurisdiction, race/ethnicity
Point of Contact	Not applicable
Notes	<i>Those with less than high school degree are not included in this calculation, but can be determined by calculating the difference between 100% and the percentage for this indicator. Use the filters feature in the table to update to the jurisdiction (under "Geography") and</i>

Youth Will Complete School	
	<i>race/ethnicity (under "Topics"). In some jurisdictions, the available race/ethnicity populations and years of data may be limited.</i>
Indicator	Four-Year Cohort Graduation Rate
Definition	The number of students who graduate in four years with a high school diploma divided by the number of students who form the adjusted cohort for that graduating class. The term "adjusted cohort" means the students who enter grade 9 plus any students who transfer into the cohort in grades 9-12 minus any students who are removed from the cohort because they transferred out, moved out of the country, or were deceased.
Data Source	Maryland State Department of Education
Online Data Source Link	MSDE
Years of Available Data	2011-2022; disaggregated data 2017-2022
Data Release Schedule	Annually, February for the prior school year
Disaggregation Available	Jurisdiction, school, race/ethnicity, sex, grade bands, special services
Point of Contact	Mary Gable: mary.gable@maryland.gov
Notes	<i>For example, the 2018 four-year cohort includes students that were first time ninth graders in 2014-2015 and graduated by and including the summer of 2018. The four-year cohort graduation rate was first calculated for the class of 2010. When using the link, select the desired school year from the dropdown, then download the Adjusted Cohort Graduation and Dropout Rate Data file. Disaggregated data can be found on the Report Card for the applicable jurisdiction. To access from the link, click on Districts & Schools, then check the box for the District, click View District Data, then Graduation + College Status, then use the filters to select the year, race/ethnicity, etc.</i>
Indicator	Program Completion of Students with Disabilities: Percent of Students with Disabilities Who Exited High School with a Diploma
Definition	The percentage of students with disabilities, ages 14 through 21, who exited high school with a diploma (of all students with disabilities who exited high school in that school year). The other MSDE tracked reasons why a youth exited high school include deceased, dropped out, moved, known to be continuing, parent revokes consent, reached 21 years of age, received Maryland High School Certificate, returned to general education, or special cases.
Data Source	Maryland State Department of Education
Online Data Source Link	Not applicable
Years of Available Data	SY2018-2022
Data Release Schedule	Annually, February for the prior school year
Disaggregation Available	Jurisdiction, race/ethnicity
Point of Contact	Mary Gable: mary.gable@maryland.gov
Notes	<i>These data are provided via MSDE special report.</i>

Communities are Safe for Children, Youth and Families	
Indicator	Crime: Rate of Violent Crimes Committed per 1,000 Persons
Definition	The rate of violent crimes that are committed per 1,000 persons.
Data Source	Open Data Portal; Governor's Office of Crime Control and Prevention
Online Data Source Link	Open Data GOCCP
Years of Available Data	1975-2020
Data Release Schedule	Annually, May, with a two-year lag, i.e. 2020 data released in 2022

Communities are Safe for Children, Youth and Families	
Disaggregation Available	Jurisdiction, crime type
Point of Contact	Jeff Zubak: jeffrey.zuback@maryland.gov
Notes	<i>These data are not disaggregated by race/ethnicity due to the nature of the data itself (crime-level data).</i>
Indicator	Juvenile Felony Offenses: 11-17: Rate of Referrals per 100,000
Definition	The rate of referrals, per 100,000 youth ages 11-17, for felony offenses, including both violent and non-violent charges.
Data Source	Department of Juvenile Services
Online Data Source Link	DJS
Years of Available Data	FY2011-FY2022; disaggregated FY2017-2021
Data Release Schedule	Annually, December, (denominator - one-year lag)
Disaggregation Available	Jurisdiction, sex, race/ethnicity, and age
Point of Contact	John Irvine: john.irvine@maryland.gov
Notes	<i>A "referral" is when a juvenile complaint is sent to DJS intake. Referrals can be brought by police, citizens or schools. In the case of felonies, referrals would usually come from police. When using the link, select the desired year at the top if looking for most recent year or under Previous Data Resource Guides if looking for a previous year, then click the year to open the resource guide. Once in the document, refer to the desired jurisdiction and offense table. Disaggregated data provided via DJS special report.</i>
Indicator	Hospitalizations: Nonfatal Injury Hospitalization Rate for Assault Injuries to Children and Youth Ages 0-21 per 100,000 of the Population
Definition	Rate of children 0-21 with an inpatient hospitalization for an assault injury per 100,000 of the population.
Data Source	Maryland Health Services Cost Review Commission
Online Data Source Link	Not applicable
Years of Available Data	2008-2020
Data Release Schedule	Annually, September with a two-year lag
Disaggregation Available	Jurisdiction, race/ethnicity
Point of Contact	Oscar Ibarra: oscar.ibarra@maryland.gov
Notes	<i>These data are provided via MD HSCRC special report.</i>
Indicator	Child Maltreatment: Rate of Unduplicated Children (Ages 0-17) with Indicated/Unsubstantiated Child Abuse/Neglect Findings (per 1,000)
Definition	Rate of unduplicated children (ages 0-17) with indicated/unsubstantiated child abuse/neglect findings (per 1,000).
Data Source	Department of Human Services; Open Data Portal
Online Data Source Link	Open Data
Years of Available Data	2010-2020; disaggregated 2018-2020
Data Release Schedule	Annually, September for the prior calendar year
Disaggregation Available	Jurisdiction, race/ethnicity
Point of Contact	Tiffanie Powell: Tiffanie.Powell@maryland.gov Maria Tillman: maria.tillman@maryland.gov
Notes	<i>Child Protective Services (CPS) investigations are ruled "indicated" where credible evidence is not satisfactorily refuted, or "unsubstantiated" where insufficient evidence is found to support a finding as either indicated or ruled out. Disaggregated data via DHS special report.</i>
Indicator	Rate of New Cases of Elevated Blood Lead Level ($\geq 5\mu\text{g/dL}$) per 1,000 of the Population of Children Aged 0-6

Communities are Safe for Children, Youth and Families	
Definition	The rate of new cases of children 6 and under with confirmed blood lead levels of greater than or equal to 5 µg/dL in the calendar year (new cases referred to as “incidence.”)
Data Source	Maryland Department of the Environment
Online Data Source Link	MDE
Years of Available Data	2016-2020
Data Release Schedule	Annually, July for the prior calendar year
Disaggregation Available	Jurisdiction, race/ethnicity
Point of Contact	Tontalia Stinney: tontalia.stinney@maryland.gov
Notes	<i>When using the link, select the desired year to open the data file. Then, refer to Incidence in Table 4 in years 2019 and 2020. For earlier years (2013-2018), you will need to sum the New Cases data from table 2 for the two sets of new cases (5-9 µg/dL and 10 or > µg/dL. In 2012, these data are in Table 3. Disaggregated data via MDE special report.</i>
Indicator	Out-of-Home Placements: Out-of-Home Placement Rate Per 1,000 Youth (Ages 0-21)
Definition	The number of children (ages 0-21) per 1,000 (aged 0-21) in the population who are placed in out-of-home placements.
Data Source	Governor’s Office of Crime Prevention, Youth and Victim Services
Online Data Source Link	GOCPPYVS
Years of Available Data	2019-2022
Data Release Schedule	Annually, January for the prior fiscal year
Disaggregation Available	Jurisdiction, race/ethnicity, gender, age
Point of Contact	Christopher Miele: christopher.miele1@maryland.gov
Notes	<i>When using the dashboard, filter for the year and jurisdiction.</i>

Youth Have Opportunities for Employment or Career Readiness	
Indicator	Percent of 16-24 Year Olds in the Labor Force who are Employed
Definition	The percentage of young adults ages 16 through 24 in the labor force who are employed included those in the armed forces.
Data Source	United States Census, American Community Survey - 5-year estimates
Online Data Source Link	Census
Years of Available Data	2010-2021
Data Release Schedule	Annually, December for the prior calendar year
Disaggregation Available	Jurisdiction, sex, race/ethnicity
Point of Contact	Not applicable
Notes	<i>Use the filters feature in the table to update to the applicable jurisdiction (under “Geography”) and race/ethnicity (under “Topics”). In some jurisdictions, the available race/ethnicity populations and years of data may be limited.</i>
Indicator	Percent of 16-24 Year Olds in Labor Force Who are Unemployed
Definition	The percentage of young adults ages 16 through 24 in the labor force who are unemployed.
Data Source	United States Census, American Community Survey - 5-year estimates
Online Data Source Link	Census
Years of Available Data	2010-2021
Data Release Schedule	Annually, December for the prior calendar year
Disaggregation Available	Jurisdiction, sex, race/ethnicity
Point of Contact	Not applicable

Youth Have Opportunities for Employment or Career Readiness	
Notes	<i>Use the filters feature in the table to update to the Use the filters feature in the table to update to the applicable jurisdiction (under “Geography”) and race/ethnicity (under “Topics”). In some jurisdictions, the available race/ethnicity populations and years of data may be limited. In some jurisdictions, the available race/ethnicity populations and years of data may be limited.</i>
Indicator	Youth Disconnection: Percent of Youth Not Working and Not in School
Definition	Percentage of youth ages 16-24 who are not enrolled in school and not working.
Data Source	National Equity Atlas
Online Data Source Link	National Equity Atlas
Years of Available Data	1990, 2000, 2010, 2020
Data Release Schedule	Every 10 years
Disaggregation Available	Jurisdiction, race/ethnicity, gender, nativity, ancestry
Point of Contact	Not applicable
Notes	<i>At the link, update geography type to County and then select the county under geography. Data is available for Maryland and limited jurisdictions.</i>
Indicator	Percent of High School Graduates Who Complete a Career and Technology Education (CTE) Program
Definition	The percentage of graduates who completed an approved Career and Technology Education program.
Data Source	Maryland State Department of Education
Online Data Source Link	MSDE
Years of Available Data	2018-2022
Data Release Schedule	Annually, February for the prior school year
Disaggregation Available	Jurisdiction, race/ethnicity, sex, special services
Point of Contact	Mary Gable: mary.gable@maryland.gov
Notes	<i>At the link, select the applicable school district from the dropdown menu. Then select Graduation + College Status. From here, select High School Completion, then Program Completion from the menu on the left. Use the dropdown menu to select the subgroups such as race and ethnicity, gender and special services from the menu across the top above the chart. In the chart and table, refer to the percentage for “CTE” for the data for this indicator.</i>
